Bill Ruehman
The Rockland Corp.
400 South 100 East
Emery, UT 84522

RE: ML 45717-Clay
DOGM #S/015/090

Dear Mr. Ruehman:

This letter will acknowledge that Rockland Corp. has met the notification requirements of the Trust Lands Administration to commence mining of trust lands under the above numbered mineral lease. All mining and reclamation must be performed in accordance with your plan of operation received May 11, 2001, and the terms and conditions of your DOGM permit #s/015/090. Please contact this office prior to making any changes in your plan of operations.

Nearness of the mine to the eastern boundary line of the lands within your mineral lease ML 45717 is a cause for concern. Please ensure that your mining disturbance and mine access to not cross over the lease boundary line. In the event you trespass lands outside of the lease boundary you must immediately cease all operations until such matter is resolved with the Trust Lands Administration.

The trust Lands Administration holds surety bond #ABC0010370 in the amount of \$25,000.00 to ensure performance and compliance with the mineral lease.

Sincerely,

John T. Blake
Mineral Resources Specialist
